

Lotos Kolej.

Railway Logistic and Transport company belonging to the LOTOS Group of companies located throughout Europe.

Please see the following for information on this company;

http://en.wikipedia.org/wiki/Lotos_Kolej

Translation of attached reference;

Lotos Kolej continues to cooperate and has done for the last two years with ACG Technologie Ekologiczne - manufacturer of EG 360 which we are using for cleaning our cisterns following petroleum contamination.

Above mentioned product is very effective and very economical.

ACG Technologie Ekonomiczne is very professional and reliable. Always ready to give us support and advice.
